

## PRACTICAL LAW

### A quick reference guide to the Tools Centre

Thomson Reuters Practical Law UK Global includes various tools to help you act with speed and confidence. The Practical Law Dynamic Tool Set, available on Practical Law Global Premium, includes five distinct tools, each of which allows users to extract even more value from Practical Law content. View the Practical Law Dynamic Tool Set features [here](#).

Know what tool to use, and when:

### PRACTICAL LAW TOOLSET

#### Ask

You want an answer to your own question.

Get the answers you need faster with the help of Practical Law editors. Ask gives you direct access to our expert attorney editors. Simply ask a question, and the editors will respond with guidance.

#### Fast Draft

You want to auto-tailor [select sample documents](#).

Complete your first draft faster with Fast Draft. Building on Practical Law's expert-drafted Standard Documents, answer a series of questions and generate your first draft automatically.

#### Country Q&A Comparison

You want to get a global view on common legal issues.

Working with local experts in over 100 countries, Practical Law editors have created content that compares common legal questions across multiple global topics.

## PRACTICAL LAW GLOBAL PREMIUM DYNAMIC TOOLSET

### Dynamic Search

You want answers to your UK law questions, with links to relevant content. Type in a search question and find a summary of the answer written by our expert editors, linked to relevant content, or relevant documents listed within the search results that may help you answer your question.

### Knowledge Map

You want to explore Practical Law content related to your research with ease. Knowledge Map's visual display allows you to quickly gain insights, accelerate your research, and be confident that you have uncovered related issues. The Knowledge Map combines innovative visual browsing with our expert editors' analysis of related topics, issues, and projects.

### Quick Compare

You want to build a chart comparing legal requirements across multiple jurisdictions. Quick compare allows you to easily see the data points you are comparing while also allowing you to see more detail when you choose.

### Interactive Maps

You want to create a customised Map of your matter. Matter Maps lets you build or customise a Map to focus on the tasks and resources you need, thereby enabling you to complete each matter efficiently and effectively.

### What's Market Analytics

You want to find UK or US trends in recent deals. Access a database of summaries in What's Market for publicly filed deals that allows you to analyse and compare terms or features, build comparison reports, and create data visualizations.
