

# ASK PRACTICAL LAW AI (UK)

## AI-Assisted Research Training

### Ask Practical Law UK – AI-Assisted Research

Join one of our trainers to see how Ask Practical Law AI, which is available as part of the Dynamic Tool Set\*, can be used to jumpstart your legal research and help you make informed decisions faster.

*\*Access to content and/or tools is subscription dependent*

### This session covers the following:

- How the AI-Assisted Research tool can jumpstart your Practical Law research.
- The content the AI tool is searching across on Practical Law UK.
- Best practice tips on how to craft a query, apply follow-up questions and validate responses.
- The Practical Law UK delivery features that are available.
- How to search history to view previously asked questions using the AI tool.

### Session Duration

Approximately 30-minutes.

### Session Delivery Method

Online via Microsoft Teams.

**Note:** The Webinar session allows participants to view the trainer's computer screen. At no time does the trainer access your computer.
